Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged; the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will* often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

LABOR OFFICIALS ARRAIGNED.

Direct charges that the brawn and sinew of the American Federation of Labor are and have been mulcted of hundreds of thousands of dollars by a ring of eleven men, who exercise an autocratic sway over two million union working men, will be made in the next issue of American Industries, a publication devoted to the interests of organized labor.

The exposure is based on the proposed action of the convention of the Federation at Norfolk, beginning Nov. 11, when a resolution is to be introduced to the effect that all of the affiliated organizations be urged to levy an assessment of one cent per month per member for one year—which will amount to $250,000—to carry on a labor fight at Los Angeles.

This fund is to be raised for the alleged benefit of the International Typographical Union and is to be expended under the direction of Samuel Gompers, president of the American Federation, with the consent and advice of the executive council of the organization.

The American Industries will among other things say:

"In one sense, what the members of the American Federation of Labor do with their funds is their own affair, but, since the public has of late taken a deep and abiding interest in the methods of those semi-public officers, who, as heads of great organizations are entrusted with the disbursement of the money of others, it may not come amiss to look briefly at this 'system' of organized labor and the fitness of its officers to handle such a sum of over half a million dollars per year ostensibly in the interest of the working-man.

"The public generally and the members of the affiliated bodies of the federation have a right to know that this money is expended properly and honestly. Eleven men rule autocratically the whole body of 2,000 000 union working-men, levy and expend moneys and account therefore practically only to themselves, since the auditors of these accounts are of their to appointment.

"It is well known that the great 'patriotic' protest which resulted in sending a delegation of labor men to Washington for the purpose of influencing Speaker Cannon's views on legislation was engineered by Gompers, a part of the delegation being composed of paid lat or 'organizers' who, ostensibly working in the interest of organized labor, are in reality employed principally to build up political fences, and thereby to insure the election of the 'ring' and the continuance of the 'system' in power.

"For this work, expenses paid by the rank and file are accounted for in lump sums. For the regularly employed 'organizers' these sums vary from $100 to $500 a month for services, for which the official rate, authorized by the American Federation of Labor, is $3.50 a day and expenses. Under this head the way is clearly open for anything that has the sanction of the 'ring' and makes a convenient 'catch-all' for the auditors."

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and catartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—MRS. ROSA POTTS, Birmingham, Ala. These tablets are for sale by Gibson & Timberman and W. F. Creighton & Co.

DEED OF REJECTED LOVER.

Rejected as a suitor and desperately jealous, Joseph Dean, twenty years old, called Miss Leurilla Johnson, a girl of about his own age, to the door of her boarding-house in Norfolk shortly before 8 o'clock last night, and shot her twice, once in the abdomen and once in the chest. He then turned the pistol to his temple and sent a bullet into his brain. Miss Johnson is mortally wounded. Dean died at St. Vincent's Hospital two hours after the shooting.

Dean had been a devoted suitor of Miss Johnson for several months. The young woman was a sprightly brunette, with very dark eyes and hair. She had many admirers, and Dean had many rivals. Pressing his suit on the girl at a party a week ago he was given emphatically to understand that his love was not returned. That made him desperate.

Miss Johnson went to Norfolk about eight months ago from Woodstock, Ohio. She served as cashier in the Law Building Pharmacy, where refreshments were also sold. Dean and several others were always ready to see her home after her day's work was over. She was also a leader in a contest for the most popular young lady in Norfolk and Portsmouth, the prize being a piano. The contest was for the benefit and under the auspices of Confederate Choir, No. 1.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of hapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at all drug stores.

ATTORNEY ASSAULTS MAGISTRATE.

A lively encounter took place yesterday evening at a meeting of the supervisors of Spottsylvania county, at the county seat between Commonwealth's Attorney Lee J. Graves and Magistrate John Waller.

Mr. Waller was knocked down by Mr. Graves and would have fared badly but for the interference of other members at the meeting. Both parties were placed under arrest and taken before magistrates for a hearing.

While Magistrate Waller was on the stand giving his testimony he made a very insulting remark about Mr. Graves, who picked up a large glass pitcher from a table, throwing it at Mr. Waller, striking him on the head, knocking him from the witness chair and drawing blood. Mr. Waller was fined $5 and costs and Mr. Graves was dismissed.

It is understood that the trouble arose over a bill presented for payment before the supervisors by Mr. Graves, Mr. Waller claiming it to be fraudulent. Both sides claim that the affair has not been settled and more trouble is feared.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. Sold by E. S. Leadbeater & Sons.

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuffed up air passages. Price 50c. If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the solid form of this remedy and will rid you of catarrh or hay fever. No cocaine to breed a dreadful habit. No mercury to dry out the secretion. Price 75c, with spraying tube. All druggists, or mailed by Ely Bros., 56 Warren street, New York.

Alexandria Gazette AND VIRGINIA ADVERTISER

TUESDAY EVENING, NOV. 5, 1907.

CONGRESSMAN BURLESON, of Texas, has no doubt that the President intends to be the candidate next year, for it is his intimates and men who are frequently at the White House who are constantly saying that the country demands him and he will have to yield in spite of his assurance three years ago, several times repeated, that he would not be a candidate. "As I see the matter," says Mr. Burleson, "he is bending all his energies and exhausting all the resources of a political cunning without parallel in my experience to compel the republicans to nominate him by acclamation." Concerning Mr. Roosevelt's position the Philadelphia Record says: "Federal officeholders insisted in 1892 that the country was crying for four years more of Benjamin Harrison, but it wasn't."

NATURE-FAKERS are now making every sort of prediction for the character of the coming winter. A little while ago they announced that birds were going South in unusual numbers and uncommonly early. Of course, this betokened an early and very hard winter. But a man with a well-established reputation as a weather prophet in Pennsylvania, says the hornets are building their nests high in the air, which promises a mild winter, for when the weather is to be severe they build on the ground to get the protection of snow. The goosebone prophet has passed away, but just the same sort of winter prognostications are made, all the same.

"BIG BILL" LONG, a woodman of Patten, Me., who serves as guide to those who hunt in that region, owes his life to the quick wit of Miss Martha George, a young woman of Roxbury, Mass., who accidentally shot him and then used her garter for a tourniquet, preventing him from bleeding to death. While gunning with Long as her guide, Miss George accidentally pulled the second trigger of an automatic gun, the load tearing through an artery in the guide's leg. Instead of fainting, she bared Long's leg and, telling the guide to "look the other way," removed her garter and stanched the flow of blood. Honi soit qui mal y pense.

THE election being held in thirteen States today may develop some indication of possible tendencies in the national campaign of next year. The fact that contests affecting the national congress are promised in but a few instances has a somewhat deterring influence, but the more astute of the political forecasters expect to find some signs which will be significant if not determinative. Straws show the way the wind blows and the results in the thirteen States today may shed some light on next year's election on the theory that coming events cast their shadows before.

IN AN interview in Kansas City last night U. S. Senator Tillman, of South Carolina, said:

"The effort to call an extraordinary session of Congress for currency reform is being made to give the country a currency reform such as the banking interests wishes. What we need is not currency reform as the banks want it but enforcement of the laws we now have against wild-cat banking and the punishment of those who have broken them."

Senator Tillman seems to have "sized up" the situation quite concisely.

A DISPATCH from Tokio says Count Okuma, leader of the Japanese progressive party, has modified his attitude toward the Japanese-American immigration question, and it is reported that immigration will not be made an issue at the coming session of the Diet. Thus another war cloud, raised by the jingoes, fades away, but they are a resourceful set and will present a new scare the very first opportunity that presents itself.

GIFFORD PINCHOT, Government forester, declares the timber supply of the country will be exhausted in 20 years, if the cutting continues at the present rate. In sounding his warning, Mr. Pinchot urged that the danger of the situation should not be underestimated, since it affects every man, woman and child in the United States.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Nov. 5.

Senator Thomas H. Carter, of Montana, at one time chairman of the republican national committee, and now one of the republican "whips" in the United States Senate, is not hopeful of currency legislation at the coming session of Congress. He looks for an early adjournment. 'It is doubtful," said he, "if the financial solons of the country can agree on any form of legislation. Every banker has his own theory. Scarcely any two can be brought to agree on what should be done. Under these circumstances it is difficult to predict legislation.

The Weather Bureau makes the following special election day announcement: Fair weather prevails in all sections of the country today, except in parts of the lake region, New York and New England, where there are areas of cloud and local rains. Temperature is everywhere moderate."

The American Pickle Manufacturers' Association, representing sixty preserving concerns of the United States, applied to the Secretary of Agriculture today for an extension of time during which they may use benzoate of soda. They allege they have expended $100,000 to discover a method of preserving in which this chemical is not necessary, but without success. Two of the largest preserving concerns in the United States object to an extension of time, on the ground that they have not found that chemical, or any other, necessary in manufacturing their products.

Commissioner Sargent, of the Bureau of Immigration, received a report from Canada today stating that 782 Chinese had been admitted in the first nine months of this year, compared with 26 for last year. Each of these paid a tax of $500, or $361,000 in all.

Many of the pressmen employed on the Washington newspapers went out on a strike today and others will follow tonight.

The Postoffice Department issued a fraud order today against the Hamburg City Lottery of Germany, and M. E. Stern, its agent of Bremen.

The first submarine torpedo boat flotilla is being placed in readiness to be put in commission at Newport.

The Vesuvius, the torpedo experimental ship of the navy, has been ordered to be placed out of commission at the Boston navy yard for general overhauling.

The President reached Oyster Bay at 9:50 a. m; voted at 9:55, left at 10:30; got to Jersey City at noon and left at 1:14 p. m. for Washington.

Commissioner Capers, who has taken charge of the distillery investigation, believes that the work will be finished within 60 days. "I have increased the force of revenue agents in Virginia" he explained "and have sent to the field of action some of the best and shrewdest men in the service. When we are through there will be very few of the guilty not apprehended." Many gaugers and storekeepers are involved in the steal. One method distillery men took to evade the law and get the goods on the market was through a wholesale house which they owned but which was operated under another's name.

Four more Army officers have been ordered before a retiring board because of their inability to comply with the horsemanship test prescribed by the President—Col. Henry M. Adams, Lt. Col. Ormond M. Lissak, Maj. Henry M. Benham, and Maj. Chas. C. Pierce chaplain.

THREATENED STRIKE.

A dispatch from Asheville, N. C, says that engineers and conductors of the Southern Railway are threatening a strike if they are not granted an increase in wages. A similar demand was made a year ago, which the Southern granted, increasing their annual pay roll several hundred thousand dollars. Some of the more conservative employes are using their influence against a strike, especially at this time.

A dispatch from Spencer, N. C., says that pursuant to an order from the Washington offices of the Southern Railway Company, applicable over the entire system, the employes of the company at Spencer, Knoxville and other places were yesterday placed under a nine-hour-day schedule. The cut amounts to 10 per cent. and was made by the company rather than reduce the force. It is not known how long the schedule will remain in effect.

SHOOTING EXPLAINED.

The shooting of Dr. H. McF. Allen, a prominent physician of East Nashville, Tenn., on Sunday, by Thomas S. Bush, has been explained. It is certain the "unwritten law" will be invoked once more. Bush, who is only twenty-one years old, who took a lovely bride less than a year ago, broke his long silence last night. He made a formal statement that his wife, who was Miss Blanche Lewis Curried, of Nashville, went to Dr. Allen's office for medical treatment on Saturday last. Mrs. Bush, her husband says, told him Sunday morning that Dr. Allen had attacked and overcome her in his office. Bush then determined to kill the doctor. Dr. Allen came from his office and was about to enter his automobile, when Bush walked up to him, and after expressing his regrets, shot and killed him.

Stay of Execution Granted.

Chicago, Nov. 5.—Herman Billek, the Bohemian fortune teller, sentenced to hang Friday, will be granted a stay. His execution has been postponed because of a new mystery in the case. Billek was convicted of poisoning five members of the family of Martin Vizal, a milk dealer. The evidence disclosed that Billek and Mrs. Mary Vizal, who poisoned herself because of the exposures, were lovers. The charge of the State was that they conspired to kill the entire family in order to get insurance money, so Billek and his paramour might elope to Bohemia. Mrs. Emma Eneiman, a married daughter of the woman, left home and warned her sisters that Billek was administering arsenic to the family in food. She was the witness upon whose evidence Billek was condemned.

The fortune teller's defense was a counter accusation that Mrs. Eneiman poisoned the family. Yesterday Mrs. Eneiman's husband, a farmer, died suddenly. Billek's attorney directed the attention of Judge Barnes and the State's attorney to the circumstance. The court decided to grant Billek a bill of exceptions which will procure a supersedeas and stay from the Supreme Court. Analysis of the organs of Eneiman's body will be made.

The New Cunarder.

London, Nov. 5.—The Cunarder Mauretania, the Lusitania's sister ship, will make her maiden trip to New York early in December. Though the Lusitania's sister, she is not the latter's twin, being 300 tons heavier, a few feet longer and quite a bit faster, as indicated by her recent trial run around Scotland. The Mauretania, on the trial, for a short time, made 27.12 knots.

Rumors have it that the Cunard Company will bid good-bye to Queenstown with its larger ships, notably the Lusitania, Mauretania and Campania, early next month, the plan being for these vessels to make Holyhead their stopping place instead. If this happens, Queenstown's days as a mail station are practically ended, the White Star Line having also ceased to stop there with homeward mails.

The trouble is a result of the Cork Harbor Board's failure to arrange for removing the Turbot Bank. The board explained that it could not meet the expenses, which would exceed $2,500,000. It asked the Lords of the Admiralty to aid in the undertaking, but the admiralty refused.

George J. Gould, who arrived in New York from Europe today said that the currency situation was not right and that President Roosevelt had a great chance to modify it by calling a special session of congress. He also said that J. P. Morgan had shown himself to be a "perfect trump" and that he was the most wonderful financier the world ever produced.

A dispatch from St. Johns, N. F., says it is feared that many lives were lost in the last heavy gale. Three Newfoundland fishing schooners are missing and four French vessels belonging to the St. Pierre banking fleet have not reported. Wreckage washed ashore on the southern coast indicates that the schooner Orion was lost. She carried a crew of 18 men, all of whom are missing.

It was announced in St. Petersburg yesterday that the tour of inspection just completed by the minister of ways and communications through southern Russia, the Caucasus, Turkistan and central Asia had revealed complete chaos in the railroad system. The statement is made that the railroads are practically in the hands of the revolutionaries, and that plans for armed uprisings are spreading everywhere. The minister himself narrowly escaped having a bomb hurled at him at Ashkabad.

There was a run of striking telegraphers for reinstatement, lasting for several hours, yesterday, at the office of District Superintendent Mulford, of the Western Union Company in New York. Up to noon Superintendent Mulford said 25 had given their names, of whom five were rejected, and more continue to apply. It is learned that some of the returning strikers who applied some days ago for reinstatement with the Western Union Company and were rejected as being undesirable have since been reemployed. Those who were rejected yesterday are charged with being strike leaders.

Marina Carmelia Mongoliuzzo, an aged Italian woman, was murdered and robbed of $700, the savings of herself and husband, while she was at work yesterday in a shed in the rear of her home, in southwest Philadelphia. The woman's husband, A. Matto Mongoliuzzo, left her at the washtub when he went to work yesterday morning, and when he returned home he found her lying in the shed with her throat cut from ear to ear. Six hundred dollars which the couple had saved in the woman's dress, and nearly $100 additional was in her purse. When Mrs. Mongoliuzzo's body was found the pocket containing the money had been cut from her dress and the purse was gone.

The Bank of England asked the Bank of France to advance the former $15,000,000. The Bank of France met today and granted the request.

FRAUDS CHARGED.

Some of the most gigantic frauds in the history of the Internal Revenue Service have been unearthed in Virginia, North Carolina and other southern States, and sensational disclosures, involving prominent people and well-known distilleries, are anticipated. The federal authorities engaged in the task of protecting the government's interests estimate the loss in revenue in Virginia alone to be from $750,000 to $1,000,000 a year, and they say the circumvention of the laws has been going on for eighteen months or more. The loss in collections in other States is said to approximate the amount of taxes evaded in the Old Dominion. It is understood that Commissioner John G. Capers is personally directing the investigation, and this is borne out by the fact that David A. Gates, chief of the special agents, with headquarters at Washington, has made several visits to Richmond and other places in the State, and is co-operating closely with Revenue Agent Chapman.

QUASHED LEWIS ATTACHMENTS

Judge J. E. Mason, sitting at Fredericksburg, yesterday heard the motion of counsel of A. B. Lewis, of the Lewisanna farm, Caroline county, to quash and dismiss the several attachments sworn out in the Circuit Court of Caroline county against Mr. Lewis by Messrs. Boulware & Son, M. S. Chancellor, of that city, and J. Sale, of Caroline. The evidence went to show that Mr. Lewis's home is in Caroline county, and Judge Mason rendered a decision quashing and dismissing all the attachments at the cost of the plaintiffs. The attachment suit of Case vs. Lewis, in which $9,000 is involved, went over and a decision will be rendered later.

A Hard Debt to Pay

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggist. 50c and $1.00. Trial bottle free.

Bailey to succeed the late Congressman Slemp from the Ninth district, and expressed themselves as opposed to a formal nomination. Bailey addressed the convention, denouncing the alleged republican combine in the district.

On Wednesday of last week he fell from his riding horse and the shock brought on paralysis, which was the immediate cause of his dead. Boyle though his caller was joking, and handed McNelis a pistol and told him to kill himself. McNelis walked outside the building, and then shot through a window at Boyle hitting him in the head. Boyle died five hours later. McNelis has been arrested.

Arrival of Gold.

New York, Nov. 5.—Eight millions of the $30,000,000, gold already engaged in Europe by New York banks, arrived on the steamer Kron Prinzessen Cecile today. In this steamer's wake the Lusitania is bringing $10,000,000 more. The rest of the $30,000,000, is expected within a week. More gold is being engaged constantly and financiers say it is not likely to stop short of $50,000,000. Marked, as it is by a start on this immense inflow of money, financial leaders regard today as the happiest holiday they have known in years. They believe the point has at last been reached where the tide may be sounded on the return and that from now on conditions will improve.

Newbro's Herpicide had just come into use in Philipsburg, and the doctors strongly recommended it to me. After 3 or 4 applications my hair stopped falling out, and is coming in again quite thick. To Return Home.

Manila, Nov. 5.—Secretary of War Taft is considering the abandonment of the rest of his world tour and immediately return home. The financial crisis and urgent political demand for his presence at home, are understood to be behind his growing conviction that it will be best for him to give up his original plan for circling the globe.

Washington, D. C, Nov. 5.—Some color is lent to the report that Secretary Taft contemplates abandoning his European trip, from the fact that President Roosevelt is known to have been in personal cable communication with him several times since the Secretary arrived in the Philippines.

Today's Telegraphic News.

THE ELECTION.

VIRGINIA.

Richmond, Va., Nov. 5.—The vote in Virginia today will not be nearly so large as in years of gubernatorial elections.

The exception to this in the Eighth district, where a heavy vote is being polled in the congressional contest between C. C. Carlin, democrat, and E. L. Howard, republican, to succeed John F. Rixey who died in Congress last year.

Reports from various sections of the State indicate that bitter local fights are being made for the election of members of the State legislature. County officials are being chosen also.

MARYLAND.

Baltimore, Nov. 5.—An usually large vote is being polled throughout Maryland today, after one of the hottest campaigns in the State's history, which is to decide not only the governorship, but the two senatorships as well.

When the polls opened democratic leaders were betting 2 to 1 in Baltimore on the election of Crothers, their candidate for governor, notwithstanding that hundreds of democrats here are voting for Gaither (republican) because he is a city man.

The result depends largely on the vote in Baltimore, as the counties are not expected to go over 2,000 or 3,000 either way.

Chairman Vandiver, of the democratic State committee, predicted today that the democratic majority in the State would be at least 12,000.

NEW JERSEY.

Newark, N. J., Nov. 5.—The reports from Essex county at noon on the governorship ticket showed a tendency toward Katzenbach, the democratic nominee. It is generally conceded by both sides throughout the State that Essex county is the pivotal district of the election.

Throughout the Oranges, where there is a heavy commuter vote many prominent New York financial leaders are out openly hustling for the success of the democratic ticket. Nine-tenths of the commuter vote hitherto has been republican. The effort to swing the commuter vote of the Oranges and other New Jersey suburban districts is boldly declared to be an effort to "get back" at the Roosevelt regime.

The excise question is a live question in Newark and it is believed will again put this city in the democrat column and strongly assist in electing the democratic county assembly ticket.

DELAWARE.

Wilmington, Del., Nov. 5.—At noon today in the local option election indications point to a landslide for no license down the State. Reports received are all to the effect that big majorities are being rolled up by the anti-license forces. Wilmington district however, is expected to go "wet" by a majority ranging from 1500 to 1800 majority. The colored vote is hanging back and the liquor cash barrel is expected to be opened this afternoon.

It is reported that many warrants have been sworn out by the anti-license committee for illegal voting, but only one arrest has been made so far.

Dover, Del., Nov. 5.—Women and children are parading the streets throughout Delaware today appealing to the voters to "protect their homes and families" and churches are being kept open for the offering of prayers for the success of the anti-license ticket in the election. Party lines have been forgotten.

NEW YORK.

New York, Nov. 5.—Despite the lack of interest in the election shown during the campaign the voting began today with an unexpected display of enthusiasm. In many voting districts long lines had formed before the polls had opened. Politicians expressed doubt, however, whether this interest would be maintained during the day. Interest generally centers in the contest for sheriff of New York county where Max Ihmsen is a candidate of the republican-Hearst alliance against Tom Foley, Tammany nominee. Both Tammany and the republican-Hearst alliance continued to claim victory throughout the day. Leader Murphy of Tammany put his estimates of the democratic plurality as high as 75,000.

OHIO.

Cleveland, O., Nov. 5.—With ideal election weather and the votes dropping practically at the rate of one a minute in each of the 244 precincts in Cleveland, it is believed that nearly the entire registration of 94,000 will be registered today in the contest between Tom L. Johnson and Congressman Burton for the Cleveland mayoralty. Both sides claim success for their party but the betting sides with Johnson at 2 to 1

MASSACHUSETTS.

Boston, Nov. 5.—Owing to apathy in the rural districts it is expected that the republican vote will show a falling off from last year, but the backers of Governor Guild look to the spilt in the democratic camp to offset any loss there.

KENTUCKY.

Louisville, Ky., Nov. 5.—A large vote is being cast in Kentucky today. Kentucky is voting not only for state officials but will practically decide whether Governor Beckham is to be U. S. Senator from Kentucky, as he is his party's nominee for that place.

Mob Around Prison.

Palermo, Italy, Nov. 5.—Troops surround the prison here to protect two brothers named Belleci, charged with kidnapping and brutally maltreating the two daughters of a rich Palermo family. Furious crowds tried repeatedly to take the brothers from the carabiners who brought them to the prison Sunday night. They were beaten off, but Signor Seuechi, the young women's father, has stirred up so violent a feeling against them that a fresh attack is momentarily expected. The girls were seized on one of the principal streets of Palermo and were found bound in a house on the outskirts of the city. The Belleci brothers were caught hiding. They were thought to be members of the Mafia.

Killed by a Burglar.

Chicago, Nov. 5.—James Wilmer Alaway, of Los Angeles, was slain by a burglar early today in the home of his brother, Edward Alaway. Before the burglar killed his victim Alaway had given him a desperate struggle. The Californian had been visiting his brother. The burglar escaped.

Accused Dismissed.

Pittsburg, Pa., Nov. 5.—Accused of a daring daylight hold up within a stone's throw of Central Police station, H. W. VanNess, 18 years old, and Wm. Monk, 19, claiming Newark, N. J., as their homes, are being held here. The boys are charged with holding up Miss Maggie Crowley yesterday afternoon in the heart of the business section and pulling a diamond ring from the woman's finger. According to the police, Van Ness has a record for skipping with car fares after making one trip employed as conducter on a Pittsburg street car.

When the accused appeared in the Police Court today they quickly threw a different light on the affair which resulted in their discharge. According to the testimony, Miss Crowley had not been held up, as she claimed, but had given her ring to Van Ness with whom she is said to have been infatuated. The young man declared he had no intention of keeping the ring and when he told the girl he intended leaving town she pleaded with him to remain and then had him arrested to keep him. Miss Crowley admitted to the magistrate that she had not been robbed and that she gave Van Ness her ring to wear. The young men were discharged. Miss Crowley waited outside for Van Ness, but he did not speak as he passed by.

Failure of a Strike.

Coventry, England, Nov. 5.—Union tinsmiths who declared a strike against the Daimler Automobile Works to enforce a demand for lower pay have lost their fight. The Daimler works paid union wages and bonuses in addition. "This won't do," said the union officials; "the men must all be paid alike. The manufacturers stuck to their system of bonuses and the union ordered its members not to accept them. So the automobile makers opened bank accounts in the men's names and deposited the bonuses to their credit, saying they might decide to take the money some time. They did. As soon as the accounts began to pile up, about two-thirds of the unionists were tempted to their fall and began checking against them. The union officials held a meeting, expelled the offenders and declared a strike against the works. Then the men who had accepted bonuses formed a union of their own and helped their employers to fill the strikers' places. The union has finally yielded and as many of its members as can get back their old places will take them, bonuses and all.

Would-be Suicide.

New York, Nov. 5.—Joseph Gaudett, locked up today in the Adams street, Brooklyn, police station to answer a charge of attempted suicide, says he is sorry his attempt at self-destruction—the most spectacular New York has seen in many days—failed. Gaudett opened the window of his room on the upper floor of a Court street boarding house late last night and fired several shots to attract a crowd. When several hundred people had assembled below him, he deliberately turned the weapon on himself and fired. Men who saw him fall rushed up to the room and seized the revolver which he still clasped in his hand. Dr. Brennan who was called, found the bullet had glanced off Gaudett's skull inflicting, only a slight wound and he was carted away to a cell. A letter Gaudett tried to destroy was pieced together by the police and read: "Dan, you are my best friend. If I see the boy I will kill him. To show I am true to all I take my life for that kid. Dan, I love Maggie."

Pay Checks Issued.

Pittsburg, Nov. 5.—Large numbers of the pay checks indorsed by the Pittsburg Clearing House Committee have been issued to employes by the various manufacturing and mercantile establishments and are now in general circulation. The checks are denominations of $5, $10 $20 and are marked on the face "payable only through the Pittsburg Clearing House." On the back in four different languages is the printed statement: "This check may be deposited, but will not be paid in cash by the bank."

THE ELECTION TODAY.

The election today has been devoid of excitement or animation. The voting, however, has not lacked spirit, and there have been determined efforts on the part of the supporters of the different candidates to bring out voters. The weather has been all that could have been desired.

Small groups of men at times gathered about the voting booths, but during the greater part of the day the polls were comparatively deserted. Carriages were used in transporting voters to and from the polls.

The saloons were supposed to be closed, and there were but few evidences of too free indulgence in stimulants.

The number of ballots cast in the different wards at 3:30 o'clock was as follows:

First ward	251
Second ward	286
Third ward	246
Fourth ward	203
Total	986

FIGHT IN MAGISTRATES' COURT

Considerable excitement was created in a blacksmith's shop at the extreme southern end of Patrick street, where Justice A. J. Payne was holding court yesterday morning, by a difficulty which took place between the justice and Gilbert Simpson, who lives in the neighborhood. A colored man had been arranged for a misdemeador, and Simpson undertook to appear for the defense. He was ordered by Justice Payne to keep quiet, but Simpson refused to do so, when the justice fined him $10 for contempt and ordered a constable to take him in custody. It however became necessary for the justice to aid the constable and a mix-up followed, which ended in Simpson being thrown down. A telephone message was sent to the station house for a policeman, and Officer Arrington was sent to the scene. He with the justice and constable succeeded in conducting Simpson to the station house where the latter expressed his contempt for Justice Payne in plain language. Simpson resisted the officers when they attempted to place him in a room, but he was finally secured. Later he was released after leaving $25 collateral. This morning the officers at the station house made no charge against Simpson. He subsequently paid the fine of $10 imposed by Justice Payne for contempt.

CONFEDERATE VETERANS.

R. E. Lee Camp, Confederate Veterans, held their regular monthly meeting at the Veterans' hall last night. Commander W. A. Smoot occupied the chair. The delegates who attended the meeting of the Grand Camp recently held in Norfolk made a report of the proceedings. The camp was the recipient from Miss Mary Custis Lee of a copy of addresses delivered before the Confederate Veterans Association, of Savannah, Ga., the official historical report of C. H. Thebault, M. D., to the United Confederate Veterans and "The Story of a Cannoneer under Stonewall Jackson," and from Col. R. M. Stribling, of Markham, Va., through Mrs. J. H. Foster, two copies of his "Gettysburg Campaign and Campaigns of 1864 and 1865 in Virginia." The following resolution was unanimously adopted:

Resolved, That R. E. Lee Camp, of Alexandria, Virginia, most heartily approves of the formation of Confederate choirs, modelled on the lines of that originated by Col. Wm. H. Stewart, of the Portsmouth Camp, Grand Commander of the Grand Camp of Virginia.

SONS OF CONFEDERATE VETERANS.

Pursuant to notice a number of Sons of Confederate Veterans met at Confederate Veterans' hall last night with a view to form an organization. Dr. E. A. Gorman was called to the chair and a committee was appointed to prepare a list as far as practicable of all Sons of Confederate Veterans in this city, and invite them to unite with the organization. The next meeting will be called by the chairman on which occasion distinguished orators will make addresses and a permanent organization effected.

MOTHER AWARDED CHILD.

Justice Gould in Washington yesterday rendered his decision in the case of Alexander J. Wedderburn, jr., of Fairfax county, who, sometime ago, instituted habeas corpus proceedings against his wife to secure the custody of their infant daughter. The child is now in the custody of her mother, and Justice Gould decided in the latter's favor, holding she was the proper custodian. Hearing on this case occupied several days in Equity Court No. 2

In his opinion Judge Gould said that from a legal standpoint Mrs. Wedderburn had no reason to leave her husband. That his sympathies were with the husband, and that the law was practically on the husband's side. "She has of her own volition, for reasons that to my mind are not psychological and which are almost intangible and incapable of legal analysis, left home and taken the child with her and practically broken up the home." But owing to the tender age of the infant he consigned her to her mother's care, giving the father the right of visitation.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning;

James Reed, arrested on suspicion of stealing clothing, had his case continued.

Gilbert Simpson, charged with disorderly conduct at the station house, was dismissed.

John and Edward Bryant, colored, charged with disorderly conduct and fighting, were fined $2.50 each.

Mary Lee, colored, charged with disorderly conduct and fighting, was fined $2.50.

NARROW ESCAPE.

Stephen Gill, son of Officer Gill, had a narrow escape from serious injury, if not death, yesterday, by falling headlong down an elevator shaft at the E. J. Miller Company's crockery-ware store, on King street, between Lee and Union The young man, who is employed at the store, tripped and literally made a dive down the shaft. Those who witnessed the accident were horrified and supposed young Gill had broken his neck, but, to their great relief, when they picked him up they found he had escaped with part of the skin scraped from one arm.

MISLEADING ESTIMATES.

Why Municipal Lighting Plants Generally Cost More Than Expected.

It is most unusual for a municipal lighting plant to be erected at a cost that comes anywhere near the estimate presented to the city officials. In some cases these officials are directly to blame for accepting the estimates of representatives of manufacturing companies, who are, of course, more anxious to make a sale than to protect the citizens from ultimate disappointment. When an electrical engineer is called upon for an estimate it might seem as though the council had done its full duty, but unfortunately, in some cases at least, the temptation to secure a percentage on the construction cost is great enough to overcome professional honor, and estimates are submitted which are absolutely inadequate. The only remedy for this would seem to be to obtain an independent estimate from a consulting engineer who would have no further interest in the matter.

Perhaps, however, the most common cause for disappointment is due to the fact that engineers in estimating cost fail to take into consideration what ought to be well known by this time—that cities cannot, as a rule, construct plants at as low figures as private companies can. This is due partly to the inexperience of city officials, which is taken advantage of in many cases, and also to the fact that the large amount of red tape which seems to be a necessary feature of such contracts has to be allowed for by bidders. It is therefore perfectly possible that an estimate for a municipal plant may be exceeded by 30 per cent when it would be an adequate one if the construction were to be undertaken by a private company. This is a feature of municipal ownership which has not been heretofore given the consideration that it deserves.

ANTI M. O. TIDE RISING.

Many Defeats In Many Places In the Last Few Months.

The rising of the tide of public resentment against municipal ownership is shown by the many defeats it has suffered during the past few months. Among those previously unrecorded in these pages are the following:

The voters of Canon City, Colo., declared against constructing municipal waterworks.

In Hot Springs, S. D., M. O. candidates for aldermen were defeated in every ward.

The expenditure of $50,000 to $65,000 to develop electrical power was voted down in Shelburne, Ont.

In Shullsburg, Wis., the vote was nearly six to one against bonding the city for an electric light plant.

The committee appointed by the town of Winchester, Mass., to investigate the subject of municipal lighting reported as follows:

"The committee is unanimously of the opinion that the town should not at this time undertake to own or control any municipal lighting plant, nor should it, in the opinion of the committee, engage in the manufacture or distribution either of electricity or gas for municipal use or for the use of its inhabitants."

Galena Well Out of It.

The electric light plant of Galena, Ill., was installed in 1898 at a cost of $18,000. It was sold the other day for $13,000, but this price included a twenty-five year light, power and traction franchise. Under the new contract the city will get practically twice the amount of street lighting that was furnished by the municipal plant at only 10 per cent greater cost. The sale met with the unanimous approval of the mayor and city council, as the plant had not been a success. One account of it says:

"Its management was changed as often as new political cliques gained power, and at times there was no street illumination at all. The commercial service was inferior."

Would Forfeit Vast Revenues.

As long ago as 1902 the then 817 street railways paid to the various municipalities and states $13,360,355 a year in taxes, according to our bureau of census. Adding the taxes on street railway securities as property of the holders and the additions, the total is now fully $25,000,000 a year. Municipal ownership would forfeit that great sum as state and municipal revenue.—Walter J. Ballard in Los Angeles Times.

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by E. S. Leadbeater & Sons.
